with Lightning

Product Highlights

NITRO iDrive Card Reader with Lightning

- Data storage and lightning transfer between iPhone, iPad and iPod through microSD card*
- Backup and restore contacts and camera roll
- Direct playback of videos and songs on iOS devices
- Free APP for auto file management and security
- Contains storage of up to 52,416 photos¹; 1920 minutes of 1080p HD video²; or 32,000 MP3 songs³
- 1-year warranty for iDrive Card Reader, lifetime warranty for NITRO microSD card

Data storage and transfer between iPhone, iPad and iPod.

Strontium® iDrive Card Reader with Lightning can securely store and share digital contents such as movies, pictures, and music between iPhone, iPad and iPod through Strontium NITRO UHS-I (U1) microSD card (Low Power Mode**) optimized for iOS devices.

Made for iPhone, iPad and iPod. Equipped with lightning connector, it means that data and files can be conveniently downloaded to and from your latest iPhone, iPad and iPod at a extremely fast transfer speed and on-the-go.

Free APP for auto file management and enhanced data security. Strontium iDrive APP allows for easy file management like copy, delete, move, add text files, lock, copy from library as well as control access to your important files and folders. You can play all popular formats of music and video files from the drive through the Strontium iDrive APP available on the App Store for iPhone, iPad and iPod. You can also restore and backup all your essentials like contacts and camera roll, automatically.

Expansion solution for your iPhone and iPad. For iPhone, iPad and iPod without a expandable microSD memory slot, Strontium® iDrive Card Reader with Lightning can be your next expanded storage solution up to 128GB with just a simple plug in and go; minus the baggage of bulky USB cables.

Memories deteriorate. Strontium® doesn't.
